

Master in Finance

The programme offers the following course(s) :

- › Finance 1st year
- › Advances in finance and accounting 2nd year
- › Quantitative finance 2nd year
- › Banking and finance 2nd year / Valence
- › Corporate finance and risk management 2nd year

Presentation

The reputation of the Master's in Finance needs no further proof than its students' very high rate of professional placement (higher than 90% one year after graduation). It is recognised by national evaluations (programme evaluated A+ by the High Council for Evaluation of Research and Higher Education, HCERES), as well as by any number of partnerships forged with firms from the finance sector.

The first year of the Master's in Finance can be taken, under the same conditions, at the Grenoble or Valence site, as initial training or continuing education (with no adjustment to the timetables). The four second-year programmes are based at the INP at both sites:

- Advances in Finance and Accounting - initial training in Grenoble
- Banking and Finance - sandwich training in Valence
- Corporate Finance and Risk Management - initial training in Grenoble
- Quantitative Finance - initial training in Grenoble (partnership with ENSIMAG Grenoble-INP)

Through the diversity of the programmes that it offers, the Master's in Finance gives all students the chance to fulfil their potential and acquire the knowledge and professional skills they will need in their chosen profession in the finance and banking sector
