

UE Pathology and immunology

 ECTS
6 crédits

 Composante
UFR de Chimie
et de biologie

 Période de
l'année
Automne (sept.
à dec./janv.)

Diplômes intégrant cet élément

- Master Biologie - Santé

- Langue(s) d'enseignement: Anglais
- Ouvert aux étudiants en échange: Oui
- Code d'export Apogée: YAX9BI34

Présentation

Description

Conferences will be given by researchers originating from Grenoble but also outside (Paris, Marseille, Lyon, and Toulouse) to expose enrolled students to Immunology researches performed nationwide. All these researchers are susceptible to host Master 2 students during their internship.

The mid-term evaluation will consist in the presentation of a selected article by individual students related to one of the conferences.

Heures d'enseignement

TD	TD	15h
CM	CM	21h

Période : Semestre 9

Compétences visées

- * Increased knowledge in fundamental and pathological processes of immunity beyond textbooks.
- * A know how in presenting a scientific article published in a top Immunology-focused journal.
