

# UE Basic engineering seismology

Level  
Baccalaureate  
+5

ECTS  
3 credits

Component  
UFR PhITEM  
(physique,  
ingénierie, terre,  
environnement,  
mécanique)

- > **Teaching language(s):** English
- > **Open to exchange students:** Yes
- > **Code d'export Apogée:** PAX9CEAD

## Presentation

### Description

This basic seismology course is a physics based course, which covers the breadth of traditional seismology, developed from the seismic wave equation, and the physics of the earthquake source. The course aims to provide an understanding of the dynamics of the solid Earth from theoretical and observational seismology and seismotectonics in relation to earthquake hazard and mitigation.

### Course parts

UE Basic engineering seismology - CM

Lectures (CM)

20h

**Period :** Semester 9

## Useful info

### Campus
