Presentation

Description

This course is the internship conducted in a research lab in Grenoble area. It consists of two parts: a part-time period of 3 months with one day a week followed by a full-time period of 5 weeks. During these periods, the interns are enrolled in research activities in labs. At the end of the period, a report and oral presentation in the forms of a research paper and research talk, respectively, are expected.

Period : Semester 8
