

UE Anglais

Niveau d'étude
Bac +5

ECTS
3 crédits

Composante
UFR de Chimie
et de biologie

Période de
l'année
Printemps (janv.
à avril/mai)

Diplômes intégrant cet élément

- Master Biologie - Santé
- Master Chimie

- > **Langue(s) d'enseignement:** Anglais
- > **Ouvert aux étudiants en échange:** Oui
- > **Code d'export Apogée:** UIWXYAN1

Présentation

Description

In order to obtain a Master's degree at UJF, students must demonstrate the capacity to perform at an "independent" (B2 of the CEFRL) level in a foreign language. A foreign language certificate at this level or a non-francophone status meets this requirement. At UJF, the English language skills evaluated for this obligation are:

- 1) Reading comprehension of scientific texts
- 2) Oral presentation of scientific content related to the student's field of study
- 3) Note-taking from oral sources related to the student's field of study

This course allows students to show proficiency at the "independent" B2-level in oral presentations and note taking linked to their fields of study.

Heures d'enseignement

TD TD 24h

Période : Semestre 10

Compétences visées

Oral presentation of scientific content related to the student's field of study and note-taking from oral sources related to the student's field of study.
