

UE Research lab work

Niveau d'étude
Bac +5

ECTS
3 crédits

Composante
UFR PhITEM
(physique,
ingénierie, terre,
environnement,
mécanique)

Période de
l'année
Automne (sept.
à dec./janv.)

- > **Langue(s) d'enseignement:** Français
- > **Ouvert aux étudiants en échange:** Oui
- > **Code d'export Apogée:** PAX9ICAG

Présentation

Description

In the framework of the Research Lab work, the students are integrated in a research laboratory one-day-per-week (in the first semester of Master WICS). Supervised by a researcher, they work on a research topic to acquire a first experience of research world.

At the end of this Lab work, a publication writing based on the obtained results must be done by taking into account the standard scientific publication rules (title, authors, abstract, introduction, content with several sections (i.e. Theory, Simulation...), conclusion, and references).

Heures d'enseignement

TP TP 48h

Période : Semestre 9
