

UE Data management technologies, policies and ethics

 ECTS
3 crédits

 Composante
UFR Pharmacie

- › **Langue(s) d'enseignement:** Anglais
- › **Ouvert aux étudiants en échange:** Non

Présentation

Description

The main challenge in the use of artificial intelligence in health care is to have access to structured and quality data while respecting ethical issues and personal data protection laws. Main parts of the course: (i) Principles of data management (ii) Challenges related to data management in healthcare (iii) Ethical considerations (iv) Practical sessions (Jupyter notebooks).
