Registration and scholarships

Access conditions

- The first year of master's degree is accessible on file (and / or interview) to candidates with a national diploma conferring the degree of license in a field compatible with that of the master or via a validation of studies or acquired according to the conditions determined by the university or training
- The second year is accessible on file (and / or interview) to candidates who have validated the 1st year of a compatible course or through a validation of studies or acquired under the conditions determined by the university or training.

Candidates for continuing education : You are eligible for continuing education :

- if you are resuming your studies after two years of interruption
- or if you followed a training course under the continuing education scheme in either of the past two years
- or if you are an employee, job seeker, or self-employed worker

If you do not have the diploma required for admission to the course, [you can undertake a process of validation of prior personal and professional experience \(VAPP\)](#)
