## Registration and scholarships

---

### Access conditions

To access the 2nd year of the Finance quantitative master's degree : The candidate comes from the 1st year of the master's degree in Finance. The selection in this sector is based on a special test to ensure that students have sufficient prerequisites to follow the teachings of the specialty (very high level in mathematics and computer science). In the context of external recruitment: the candidate must demonstrate scientific training and :

- Have at least a 1st year master's degree in mathematics and / or computer science
- Or have validated a 2nd year of engineering school with a strong mathematics and / or computer component

To find out about the admission requirements, please consult our "apply" section directly on the Grenoble IAE website

Public continuing education : You report continuing education :

- if you resume your studies after 2 years of interruption of studies
- or if you followed a formation under the regime formation continues one of the 2 preceding years
- or if you are an employee, job seeker, self-employed

If you do not have the diploma required to integrate the training, you can undertake a process of validation of personal and professional achievements (VAPP). For more information, visit the website of the Directorate of Continuing Education and Training
