SCIENCES, TECHNOLOGIES AND HEALTH

Computer engineering standard 2nd year
Master in Computer science

Target level
Baccalaureate +5

ECTS
60 credits

Duration
1 year

Component
UFR IM2AG (informatique, mathématiques et mathématiques appliquées)

Language(s) of instruction
French

Presentation

To view the presentation of the computer engineering standard 2nd year program in French click on the following link : Parcours Génie informatique classique 2e année

Skills

Master of computer engineering methods and tools

International education : Internationally-oriented programmes

Organisation

Abroad intership : In France or abroad

Admission

Access conditions

The second year master's is accessible to candidates according to their transcripts (and/or interview) :

- Having validated the first year of a compatible course - or by validating studies or acquired experience according to the conditions determined by the university or the training

Public continuing education : You are in charge of continuing education :

- if you resume your studies after 2 years of interruption of studies
- or if you followed a formation under the regime formation continues one of the 2 preceding years
- or if you are an employee, job seeker, self-employed

If you do not have the diploma required to integrate the training, you can undertake a validation of personal and professional achievements (VAPP)

Candidature / Application
