Portail Génie industriel 1re année

## Admission

### Access conditions

To be accepted for a master 1st year, you must hold a bachelor degree (licence 3rd year) or equivalent. Your previous studies must be compatible with the master you wish to study. The recruitment and registration conditions are stated for each speciality. For the three programs in French, the choice of programme is made after admission to the master in Industrial engineering.

### Candidature / Application

See Grenoble INP website : [🔗 http://www.grenoble-inp.fr/fr/formation/les-admissions](http://www.grenoble-inp.fr/fr/formation/les-admissions)
